TRADE MARK.

PURITENE

IS SOAP IN A CONCENTRATED STATE.

A tea cup full of Puritene will do more work and be more lasting, if used according to directions, than any 25 cents' worth of soap. It contains no adulterations. It is made from pure and clean materials, and is perfectly harmless to the clothes. It will not injure the skin, but improve it. Remember Puritene will not injure the finest fabric. Never makes the hands sore.

DON'T BE A DOUNDERFUNK.

WE LIVE IN AN AGE OF PROGRESSION.

Puritene is not "about the same as other washing powders," as perhaps you have been told by some unscrupulous parties, but Puritene is the greatest invention of the 19th century. Imitated by many, equalled by none. Insist on having Puritene. And be sure that you get what you seek. See that it is Manufactured by the

Jinks' Soap Manufacturing Co.

To the Trade—Don't fail to send for sample and Price. It will please you. Correspondence and trial order solicited from the trade.

Publishers' Card.

The Publishers desire to express their thanks to the people of the thriving and enterprising town of Mansfield for the courtesy extended to them in their labor of canvassing, and for the patronage received for the work. No pains have been spared to make the Directory full and correct, but the public are requested to bear in mind the difficulty of compiling the first edition of so large a list of names without an occasional minor error, which can be better avoided in a second. It cannot fail to prove of value to all for frequent reference. The enterprising business houses of the vicinity offer favorable inducements, and we trust that they will receive a liberal patronage.
